

Advanced Marine Innovation Technology Subsea Ltd is based on the South Coast and specialises primarily in developing new and innovative marine and underwater engineering systems for the marine, oceanographic and offshore oil and gas industries. This advanced technology is also available to support other marine industries.

We are committed to providing excellent service with innovative products and operating our Business Management System (BMS) in accordance with the requirements of ISO9001: 2015.

Our Management Team are committed to:

- Satisfying applicable requirements by ensuring that customer and applicable statutory and regulatory requirements are determined, understood and consistently met.
- Continually looking for ways to improve our BMS.
- Ensuring the risks and opportunities which could affect conformity of products and services and the ability to enhance customer satisfaction are determined and addressed, and the focus on enhancing customer satisfaction is maintained.

Senior Management shall:

- Take accountability for the effectiveness of the BMS.
- Ensure the quality policy and business objectives are established for the BMS and are compatible with the context and strategic direction of the Company. Quality objectives have been set and are maintained as part of the BMS internal auditing, monitoring and Management Review processes.
- Promote the use of a process approach and risk-based thinking.
- Ensure that the resources needed for the BMS are available; including training, support and encouragement.
- Communicate the importance of effective quality management and conforming to the BMS requirements.
- Ensuring that the BMS achieves its intended results.
- Engage, direct and support persons to contribute to the effectiveness of the QMS.
- Promote improvement.
- Understand the needs and expectations of identified interested parties.

This policy will be communicated to all employees and anyone working for or on our behalf, and are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others, or the environment.

This policy will be reviewed annually by the Managing Director to ensure it reflects the aims and objectives of the company.

Signed

Ramsey Martin
Managing Director
